

Indomobil and Yadea Celebrate the Completion of Partnership in Indonesia

Jakarta, [January 31st, 2025] – Indomobil is proud to announce the successful completion of its partnership with Yadea, a global leader in electric mobility. Since becoming the authorized distributor for Yadea in Indonesia, Indomobil has played a pivotal role in building the brand's presence and ensuring its products and services reach consumers nationwide. With the strong foundation now in place, Yadea will take full operational responsibility to directly manage its business in Indonesia, marking a new chapter of growth and innovation for the brand.

As Yadea assumes direct control, Indomobil remains confident that the transition has been carefully planned to ensure uninterrupted sales and after-sales services. Customers will continue to enjoy the benefits of Yadea's nationwide warranty support and after-sales policies, ensuring their needs are met seamlessly. We are honored to have contributed to Yadea's success in Indonesia and look forward to seeing the brand continue its journey of delivering eco-friendly and innovative mobility solutions to the Indonesian market.
